#### ■ Installing and Replacing Battery

NOTE: TB-12/2451DUO has a removable battery. You can purchase extra battery from your dealer. Follows step-by-step instruction indicated below to replace battery.

- 1.Battery is already placed on top of the metallic contact strip on the device. Gently slide switch to OPEN position and push battery in red arrow pointed direction. Note that OPEN switch is aligned on the same side with SD Card Slot.

- 2.Gently push in red arrow pointed direction to secure battery and ensure it is locked in the proper position.

- 3.Push OPEN switch in red arrow pointed direction to lock battery onto device. Now, battery is properly installed.

- 4.To replace another battery, gently slide OPEN switch in red arrow pointed direction to unlock battery.

- 5.Push battery in red arrow pointed direction.

NOTE: Follow directions indicated above to install and replace battery. Forcing device to release would only physically damage device.
